Summary

Brilliant problem solver with expertise in coding and software development. Proven ability in leveraging strong interpersonal and communication skills to build relationships and drive successful projects. Quick learner with exceptional teamwork and multitasking abilities, who is passionate about coding and eager to expand knowledge and skills.

Education

Post graduation diploma • CDAC MUMBAI   **Sep 2022 - Mar 2023**

Advance Computing

I have developed a comprehensive knowledge of development technologies including Java, JavaScript, ReactJS, NodeJS, ExpressJS, MySQL, and OS. I have used this knowledge to design, develop, and implement a wide variety of applications. I have created and managed user-friendly interfaces for web and mobile applications, including interactive designs for user engagement.

Projects

CDAC Mumbai • Social Media App   **GitHub**   **Feb 2023 - Mar 2023**

- Developed a responsive interface using React.js and CSS, allowing users to perform CRUD operations on their profiles and visit posts, stories
- Implemented functionality for users to follow, like, comment, message, and visit other users
- Restricted post visibility and chat to only followed users
- Powered backend with Node.js and Express.js

Other-projects:

Title: Portfolio(web portfolio)   **GitHub**

Title: WhatsApp(React.js & express.js)   **GitHub**

Experience

Process Executive • Spectrum Consultants India Pvt ltd   **Apr 2021 - Jan 2022**

• Processed media content, such as images & videos, for self-driving vehicle training by ML models
• Performed rigorous quality assurance & data labelling to ensure accuracy and reliability of training data
• Developed high-quality data sets for successful ML model training
• Utilized advanced machine learning techniques to improve accuracy and speed of training
• Monitored and tracked project progress to ensure delivery within set deadlines.

Skills

Bootstrap 5, Data Structures and Algorithms, Java programming language, java, HTML,CSS, Java script, core java, SQL, REACT js,Node js,Express js,MySQL
